15 & 16 October 2010

Fri 15 Oct 2010, 4pm to 10pm

Sat 16 Oct, 1.30pm to 8pm

Blueprint, 272 High Holborn, London WC1

In Time brings together a disparate group of artists whose work shares an interest in addressing time. The works variously examine time as a material, a concept and a process, and incorporate literal uses of time, as in durational performances and video works, and in 2D process-based works and 2D and 3D installations which look back and forth through time as inspiration and gesture.
